

# Scientific Workshop

## Programme

- 09,00 - 09,10 **Arrival of the Participants and Welcome**
- 09,10 - 09,30 **Speech 1.** Presentation of AIDICO (sponsor of the ART'14 Congress) - **AIDICO**
- 09,30 - 09,50 **Speech 2.** General presentation of NANOMATCH project - **CNR\_ISAC**
- 09,50 - 10,10 **Speech 3.** Metal alkoxides. Fundamentals and mechanism as consolidant treatments - **CNR\_IENI**
- 10,10 - 10,30 **Speech 4.** Application and workability of NANOMATCH products on wood - **TECNALIA**
- 10,30 - 11,00 **Coffee Break**
- 11,00 - 11,30 **Speech 5.** Application and workability of NANOMATCH products on stony materials and wall paintings - **DUCT**
- 11,30 - 11,40 **Speech 6.** *NanomeCH*: Nano and Advanced Materials for Cultural Heritage - **CNR\_ISAC**
- 11,40 - 12,00 **Speech 7.** *IMAT* project: a step forward in smart artwork conservation – **Tomas Markevicius**
- 12,00 - 12,20 **Speech 8.** Non-destructive testing on stone materials and heritage assets - **AIDICO**
- 12,20 - 13,30 **Visit to the National Archaeological Museum and free access to the other sessions of ART'14 Congress**
- 13,30 - 14,30 **Lunch**
- 14,30 - 16,30 **Technical training.** Application of the products, comparison to commercially available ones, documentation and discussion – **DUCT**
- 16,30 **End of the workshop**

## The NANOMATCH Consortium

### **NANOMATCH**

*Nano-systems for the conservation of immovable and moveable polymaterial Cultural Heritage in a changing environment*  
 contract n. ENV-NMP.2011.3.2.1-1
